DETAILED ACTION

1. Amendment and response filed by applicants dated Oct. 20, 2005 have been entered and considered carefully.

Claims 1-22 are pending.

2. ***Reason for Allowance***

The following is an examiner's statement of reasons for allowance:

Applicants have amended claims 1-3, 12-18, 20 and 21 to obviate all the 112 issues. The identification of the chiral carbon and limiting the enantiomer or diastereomer to be in its *isolated* state finds descriptive and enabling support of the specification on page 15 for which one having ordinary skill in the art will recognize such description to be the isolated enantiomer/diastereomer i.e. see structural delineation of CA137:232563. Claims 1-22 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
